My School

LEARNING should not just take place in the classroom. Students from Sun Fang Chung Primary School (AM) practise English through different activities. Some Primary Five students want to share their experiences.

Language fun in sports

Play and learn

Our native English-speaking teacher (NET), Miss Ng, prepared a lesson for us. She introduced us to rugby, a popular sport in the West. We had a game right after learning the rules.

I can't believe that learning English can be such fun! I learn many sport-related words.

Rugby

I had very excited because Miss Ng taught us how to play rugby. It was the first time I had played the sport. We had the boys in one team and the girls in the other. Although the boys won the match, we had great fun. It was a wonderful day!

Rugby

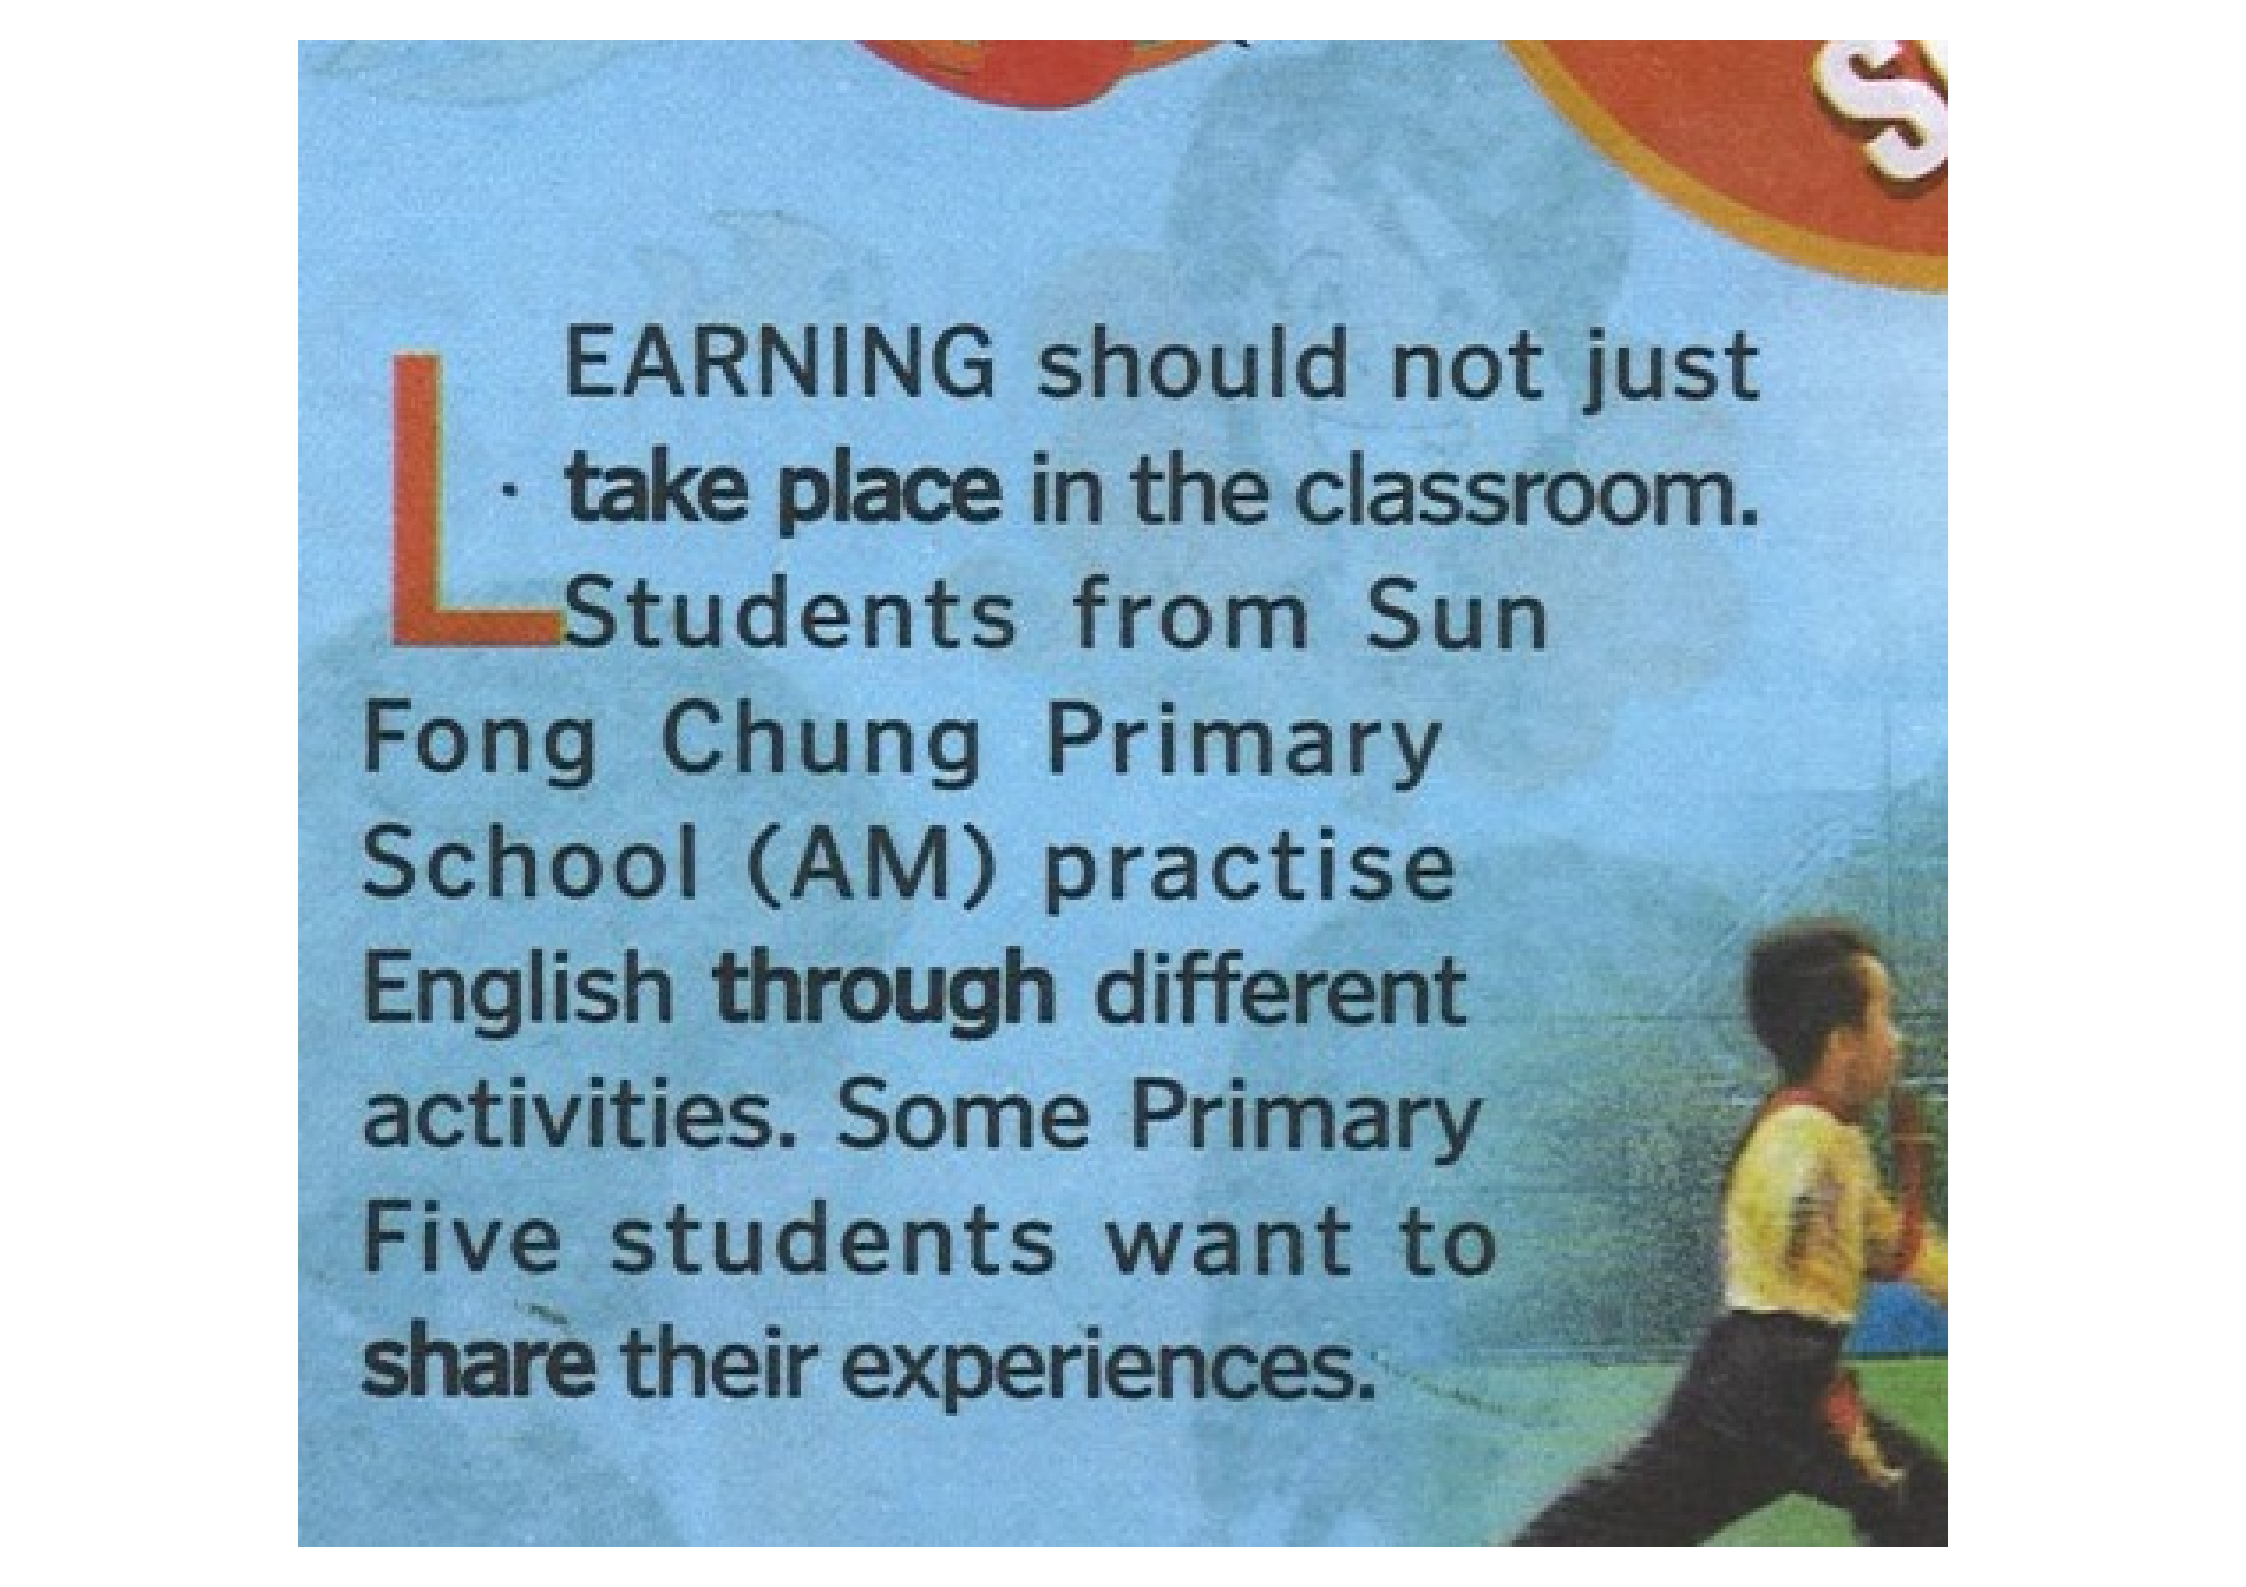

Rugby is a popular game in the West. One day, Miss Ng, our NET, taught us how to play it. We were divided into two teams for the match. Although it was very hot, we played happily. Finally, the boys won the game and we had a great time.
